

2014 Carroll County Summer School Information

1095 Newnan Road
Carrollton, GA 30116
(770) 830-5012

The purpose of Carroll County Summer School is to provide students with an opportunity to recover credits that they did not receive during the school year or as an opportunity to accelerate course work and graduate early. Whatever the reason, we want students to experience success and have summer school be a positive experience for both students and parents. Summer school is a serious venture and requires diligence and commitment on the part of both the parent and student in order for students to be successful.

Students must receive approval from their home school counselor in order to enroll in summer school. Counselors at students' home schools will be available to complete paperwork for students and to advise students on the appropriate courses to take prior to the end of school.

Student Athletes who are wishing to attempt to become eligible through the NCAA Clearinghouse should note the following: Online Credit Recovery Courses will not meet eligibility requirements for the NCAA. In order to become eligible through the NCAA, students must meet all seat time hours, are not allowed to participate in any test out options, and are required to complete work comparable to what would be completed during the regular school year. For more information, please see information on the NCAA Clearinghouse website or speak to your school's counselor or athletic director.
